

Southwest Team Jerseys

WASHING & DRYING

Jersey Care / Jersey Parents

In order to ensure longevity of the Southwest game jerseys, special care and attention must be taken. Teams will assume financial responsibility for all equipment and jerseys issued to them and it is their duty to ensure all equipment and jerseys are returned in good condition at the conclusion of the season.

When washing / drying any game jerseys, note the following guidelines:

- ❖ Jerseys **MUST BE washed EVERY 2nd game AND** inspected for any damages.
 - Keep notes on **ANY** damages to the jerseys.
 - If necessary, contact the Director of Branding for replacement of jersey.
- ❖ **Navy jerseys** → Wash in warm water, spin dry **ONLY**.
- ❖ **White jerseys** → Wash in warm water, spin dry **ONLY**
 - **NO BLEACH.**
 - Whitener such as Oxy Clean, **CAN** be used.
- ❖ **Hang ALL jerseys to dry.**
- ❖ For C's and A's, **DON'T** permanently affix them!
- ❖ End of season **ALL** jerseys are to be washed **AND FULLY dried** → with C's and A's removed.
- ❖ If jerseys are returned at the end of the season stained, discoloured, and/or damaged, your team may be responsible for cost to fix / replacement those jersey(s).

Thank you for your support!
