

U7 Timbits - Frequently Asked Questions

1. What is U7 (Timbits) Hockey?

- The U7 Timbits Program is a partnership between Tim Horton's, Hockey Alberta, Hockey Calgary and Hockey Canada that focuses on supporting skill development and the **FUND**amentals of hockey for participants aged 5 and 6.
- This 'grassroots hockey program' provides an opportunity for participants to meet new friends while gaining experience in the game of hockey.
- Typically, the 5-year-olds make up the Junior (JR) teams and the 6-year-olds make up the Senior (SR) teams. **However**; it is possible to have either age on each of the teams. This is determined through a simple evaluation process.

2. Is it a concern if my child can't skate very well?

- No, they don't have to be a strong skater!** **However**; this is not a 'learn to skate' program, so they should be able to shuffle along the ice, and be able to get up on their own after falling.
- At this age, the focus is on having fun, and helping build confidence.
- You'll be amazed at how quickly their skills will improve over the course of the season.

3. I'm a new hockey parent. What are my responsibilities?

- Be supportive! Give LOTS of encouragement!** Ensure your child is properly equipped
- Respect!** There is a **Zero Tolerance Policy** for abuse of any participants, volunteers and other parents/guardians. Suspensions are possible consequences.
- Volunteer!** Our Association is run by **PARENT** volunteers. Each family is required to complete an Association Volunteer Bond, and help support volunteer efforts at the team level as well.
- HOCKEY IS A TEAM SPORT!** Ensure your child is attending their ice times.

4. Do U7 participants require full equipment?

- YES.** The only equipment not required are mouth guards. Otherwise, **FULL gear is mandatory!**
- Helmet with face mask (CSA approved), throat protector/neck guard, shoulder pads, elbow pads, hockey gloves, hockey pants, hockey shin pads, skates, jock strap & cup / jill strap, sock tape, socks, hockey stick, water bottle (clearly marked and is **not** to be shared), and of course a hockey bag. SW will provide game jerseys and one set of game socks.
- Additional notes:**
 - Skates** – They are **NOT** sharp 'out of the box' and **MUST** be sharpened prior to the participants first ice time.
 - Water Bottles** – The 'long-spout' is recommended as it can fit through the helmet cage.
 - Hockey Tape** – Should be put on both the 'butt end' and blade of the stick.
 - Hockey Sticks** – Should be between the child's chin and nose → while **ON** skates.
- The equipment does **not** have to be new. You can purchase used gear as well. It's more important that the equipment fit well. **Hockey gear is NOT meant to "grow into"**.
- Under the gear, as a base-layer, participants can wear a light pair of PJ's or even a set of "breathable" long johns.
- There is an "Equipment & Care" section on the Southwest website. **Parent > Equipment**
