

Fall --- Power Skating Development Program

Drew Coles

Power Skating Instructor

As a player, Drew honed his craft with Trails West and the Calgary Royals. After moving into junior hockey, he earned a scholarship to Portage College, eventually transferring to Grant MacEwen University. Drew later played professionally in the Colorado, Arizona, and Edmonton minor-league systems.

Drew's coaching career began at the Sylvan Lake Hockey Camp when he was 14, and has since gained extensive experience with Hockey Canada, Hockey Alberta, the Canadian National Sledge Hockey team, Okanagan Hockey Academy, and various school programs. Previously, he managed the Royals Academy and co-owned the Czech Canadian Hockey Camp in Prague. He has previously coached with Team NWT in the Arctic Winter Games and Team Iceland in the IIHF World Championships. His ability to connect with players and make every session fun and meaningful is second to none, and he is looking forward to working with everyone this season!
